How heavy do you think it is? Can you weigh it to find out?</p>	<p>Compare each toy and put them into order of weight from heaviest to lightest. Is the heaviest toy also the biggest toy? How could you find this out?</p> <p>You could try this with other objects in your home.</p> <p>You could draw your toys in order from the lightest to the heaviest, in your green books.</p>

Then, play the film again with the sound on.</p> <p>See how many ear words they can write down. Can they think of any other words?</p> <p>Challenge Can they write a sentence with an ear word in?
