What we will be doing in school	How you can help at home
<p><u>Topic - We're Going on a Bear Hunt</u> Next week we will find out more about real bears. The children will ask and write questions about what they want to find out about bears. Then, we will research to find out the answers using information books and the internet. We will be learning about different kinds of bears, where they live (habitats and countries) and what they eat.</p>	<p>Try reading some information books at home. Look at the contents page and how to use it. Talk about other animals and their habitats. Look at a globe or atlas to talk about where different countries are around the world. Talk about and use question words: where, when, what, why, who, how. Look out for questions and question marks in books, magazines, newspapers, etc.</p>
<p style="text-align: center;"><u>Maths</u></p> <p>We will learn about time. We will learn the days of the week and the months of the year. We will discuss our daytime and night-routines. We will take part in different activities, for example, how many times can you hop in one minute?</p> 	<p>Talk to your child about their daily routines. Which month is their birthday in?
