

**Next Term in Year 2**  
**Week Beginning 18<sup>th</sup> April 2022**

Reminders for this week:  
 Tuesday 19<sup>th</sup> April – Children return to school

Upcoming Trips:

Museum of London  
 Turquoise – Thursday 28<sup>th</sup> April  
 Amber & Indigo – Friday 29<sup>th</sup> April

What we will be doing in school

How you can help at home

Maths - Measurement

The children will be revisiting mass and capacity this week and will be introduced to temperature. They will be using grams and kilograms for mass, millilitres and litres for volume and measuring temperature in 'degrees Centigrade'.

The children will need to apply their **knowledge of counting in 2's, 5's and 10's** when reading different scales. To support your child with their learning, have a go at the game below:

[https://www.transum.org/Maths/Activity/Reading\\_Scales/Default.asp?Level=1](https://www.transum.org/Maths/Activity/Reading_Scales/Default.asp?Level=1)

English

This week in English the children will be learning about what life was like in London in 1666 before the fire. They will be using their senses to write about what they would be able to see, hear, smell, touch and taste! We will be using descriptive language and similes to really set the scene!

Can you use your senses to describe a setting you visit? This could be your journey to school, a place you visit in the holidays, a room of your house! Use as much description as you can to really set the scene!

Can you make a PowerPoint with facts about London life in 1666? Send these in to share with your classmates to teach them about this period in history!

**Next Term in Year 2**  
**Week Beginning 18<sup>th</sup> April 2022**

Topic- The Great Fire of London

Computing: The children will begin their next unit of learning on creating a PowerPoint. They will recap their skills on logging on, opening up PowerPoint and saving it down in a folder with their name. They will also have an opportunity to start creating a title for their PowerPoint, changing font, size and colour.

History: The children will begin their history topic looking at what life was like in Pudding Lane before the fire began. They will be looking at primary and secondary sources and identifying what they can notice about London 356 years ago.

RE: We will be learning about weddings and how these are a time of celebration. In the first week we will be focusing on Hindu weddings and looking at the symbols of a Hindu wedding.

Science: Next term we will be looking at plants, observe how they grow and how they start from bulbs and seeds. Our first lesson back we will be planting bean seeds that we will look after throughout the term to see how it grows and will be keeping a bean diary.

Computing

If you have a laptop or computer at home then let your child have a go at looking at a PowerPoint presentation and creating one about their Easter holidays.

History

If you have time this Easter you can visit London and look at how far the fire spread through the city.

<https://www.cityoflondon.gov.uk/assets/Things-to-do/great-fire-walk.pdf>

RE

Please send in COPIES of photos of your wedding day, a wedding your child has been to recently or even a grandparent or friend. We would love to share this in class with everyone and look at how they are different and similar.

Science

Look out for Mr Neville's Curiosity challenge to complete over the Easter holidays. Don't forget to send in your photos to Class Dojo!

Art Easter Project: Next term we will be focusing on DT and looking at, evaluating, creating and making their own bread. However, we would love to have a

**Next Term in Year 2**  
**Week Beginning 18<sup>th</sup> April 2022**

'Pudding Lane' display in our classroom. If you wish to you can make a mock Stuart house from a cereal box.

This blog will help with anything you need to do.

Thank you to all for all your support this half term as always. Please continue to read with your children over the Easter holidays and mark this in your child's reading record.

Have a good break!

The Year 2 Team
